EXPERIENCE

Operations Data Analytics Intern | The Webstaurant Store (Aberdeen, MD)

June 2026 – August 2026

- Developed and deployed a Power Apps safety drill application and Power BI dashboard to track evacuation performance for 80+ employees and to provide performance visibility to regional leadership.
- Partnered with operations, safety, and IT teams to develop and improve various reporting tools and processes.
- Designed and maintained reports in Excel and Power BI, sharing insights with managers and team leads to evaluate warehouse performance and inform operational decisions.

Business Analytics Intern | UD Athletics (Newark, DE)

February 2025 – September 2025

- Collaborated with the Chief Financial Officer to automate 45+ team budgeting sheets into a master financial report
- Improved reporting efficiency in Google Sheets using advanced functions to integrate real-time financial data.

Sports Science and Analytics Intern | UD Athletics (Newark, DE)

June 2024 – May 2025

- Worked with performance tracking technology and processed data for UD's Division I Football, Soccer, and Lacrosse.
- Communicated performance data to coaches and athletic training staff while onboarding and mentoring new interns.

Database and Bookkeeping Specialist | The PELSA Company (Bear, DE)

April 2023 – Present

- Managed a Google Sheets-based database containing 100,000+ historical project records, implementing improvements that accelerated retrieval and improved data accuracy and user understanding.
- Performed tax entries, payment tracking, and payroll processing using QuickBooks and Wells Fargo.

LEADERSHIP & ADDITIONAL EXPERIENCE

President | InterVarsity Christian Fellowship

May 2026–Present

- Lead 35+ student leaders across a 120+ member organization, overseeing leadership development, internal communication, staff collaboration, and organization-wide initiatives.
- Established 11 student-led small groups and directed outreach initiatives that connected with 300+ students.

Entrepreneur & Baker | And Everything Nice Baked Goods

October 2021–December 2025

- Founded and operated a home baking business producing 1,000+ handmade desserts annually, overseeing pricing, product development, production, sales, and customer relations.

Analyst | UD Blue Hens Data Analytics Club

Feb. 2024–June 2025

- Collaborated on a semester-long analytics project, analyzing data and presenting findings with a four-person team.
